

ACME METAL SPINNING

QUALITY DRIVEN, FOREVER SPINNING

Metal Spinings For Craft Brewing Industry

Acme Metal Spinning has capabilities to produce metal spinings to be used in Craft Brewing fermentation processes. Acme metal spins components over 10 ft diameters and as small as 1/4 of an inch. Examples include funnels, hoppers, tank heads, bowls, dome caps and any round, metal spun components.

Our experience includes producing Craft Brewing components for equipment builders and OEM's serving the industry. Often large, one-of-a-kind and low-medium quantity pose fabricating challenges in terms of turnaround time, quality and economy. Acme Metal Spinning's has solutions for cost effective processes for metal spinning parts in low to medium quantities and with short lead times.

Capabilities Under An Inch - Up To 140 Inch Diameter

Diameter	Aluminum	Mild Steel	Steel Stainless
To 48"	1"	0.750"	0.375"
To 90"	0.625"	0.312"	0.187"
To 140"	0.375"	0.25"	0.187"

Standard Tolerances Held

24" Finished Diameter ± 0.032 "
 36" Finished Diameter ± 0.060 "
 48" Finished Diameter ± 0.090 "
 72" Finished Diameter ± 0.125 "
 96" Finished Diameter ± 0.186 "
 (Closer Tolerances upon request)

Examples include:

Funnels	Dome caps
Hoppers	Round bases
Tank heads	Rings
Bowls	Cylinders
Hemispheres	Balls
Spheres	Cups
